Capital University Law School
Graduate Law Programs

LL.M. COURSE OFFERINGS
FALL 2013

Students may only register for courses for which they have satisfied prerequisites. Students who erroneously register for a course for which they lack a prerequisite will be administratively withdrawn from the course on discovery of the mistake, at whatever time the discovery occurs. Waivers of prerequisites can be accomplished only with permission of the Associate Dean for Graduate Law Programs via a "Dean's Action" form.

[1] Prior to registering for this course, students must have 12 credit hours completed of which two hours are Tax Research & Communications I.

[2] Taxation of Business Entities is not an approved course for the LL.M. in Taxation candidates.

[3] ***New Course*** – **Business & Finance Concepts for Lawyers**: This course is designed to provide a basic understanding of the key financial issues that directly impact the performance of legal duties. This course will impart knowledge of financial concepts that practicing lawyers need for successful and informed representation of clients. Lawyers directly representing business firms will benefit from a better understanding the drivers impacting these companies, as will lawyers serving in government agencies that regulate these firms. In addition, students planning careers in litigation or family practice will gain tools to better assess the other side's financial resources and to improve their evaluation of settlement offers. Students will learn to read and analyze the basic financial documents that from the backbone of business practice.

[4] ***New Course***: **Oil and Gas Law**: This course explores the fundamentals of oil and gas law, while also exposing students to the practical skills needed to be successful oil and gas attorneys. This course will provide a mixture of traditional doctrinal instruction, skills and experiential opportunities. Course activities may include a visit to a "fracking" site, a visit to a County Recorder's Office to conduct a simulated title search, and an in-class simulated negotiation exercise in groups. **This course is an approved elective for LL.M. in Taxation candidates.**
