CAPITAL UNIVERSITY LAW SCHOOL
LIFE CARE PLANNER –NOVEMBER 2011 PROGRAM
ONLINE SCHEDULE

Capital University Law School's Online LCP program is a distinctive blend of an online classroom format with direct communication between the faculty and students. This program has been approved by CHCC (Commission for Health Care Certification). Our LCP program offers an interdisciplinary approach which affords the student the opportunity to gain necessary skills for developing a life care plan and to explore how your life care planning skills can be utilized in the legal environment. This unique online program commingles the legal and medical aspects of the LCP profession, and teaches hands-on, competency-based deposition and trial practice skills which are essential to your success as an expert witness. The curriculum is the only one of its kind that includes an elective module covering comprehensive medical research, in addition to appearing in our state-of-the art courtroom to defend your own life care plan before practicing attorneys, a judge and jury during direct and cross examination. As you are aware, trial practice is a requirement to take the CLCP exam.

The Life Care Planner Professional Certificate Program requires the completion of six required modules: with five modules online and one onsite Trial Practice module. The entire program is comprised of 136 clock hours, and is pre-approved for federal financial aid. The entire program of required modules is completed over a six-month track; with the onsite Trial Practice module providing the student a courtroom experience, an intensive exam review course presented by Commission on Health Care Certification, and an opportunity to take the life care planner certification exam onsite at Capital.

Please note:

You will be required to participate in group conference calls every Monday and Thursday evening from 8pm – 9:30pm EST. (unless a holiday and the call will be rescheduled). Thus, there are approximately 8 conference calls per module and you must attend a minimum of 4. Conference calls are recorded and either a transcript or MP3/podcast is available. Please check Blackboard in each module and the call schedule is listed in announcements and also noted on your syllabus.

In addition, you will have a discussion board question/topic each week. This will be posted each Monday by 8am and due on or before the following Sunday at 6pm. Each student is expected to post their response and then communicate with a minimum of 3 of their peers – remember, responding to your peers is not merely stating "I agree…good reply…nice job...etc. Your discussion board responses are graded for their content as well as for grammar and spelling…no texting (I am 4 it are u?)!

Your assignments will be posted under COURSE ASSIGNMENTS and the posting dates and due dates are listed in Blackboard and also on your syllabus.

As of 7/8/11
