

SofTest Installation Instructions

****Windows****

1. Go to: www.examsoft.com/capitallaw
2. Enter your ExamSoft ID and password under the 'Exam Takers' section.

The screenshot shows a web form titled "Exam Takers". It contains two input fields: "Student ID :" and "Password:". Each field has a small question mark icon to its right. Below the fields are two buttons: "Login" and "Cancel".

3. Once logged in, click on 'Download SofTest'

4. Read the **ATTENTION** Notice and click "I Accept".
5. Click on 'Download SofTest Windows'

6. When the Security Warning windows appears, select 'No'
 - a. ****In Internet Explorer only****
7. Download and Run SofTest installation Wizard
 - a. For Firefox users, click 'Save File' and Run the file from that location.
8. Once the download and installation process is complete, SofTest will reboot your computer. Upon reboot, you will be prompted to register SofTest by entering your ExamSoft ID and password.
 - a. After a few seconds, you will see a confirmation message box appear upon successful registration. You will also receive an email confirmation of this. Please keep that email for your records as proof of registering SofTest on your laptop for that semester.
