

Capital University Law School  
Application for Early Participation in Commencement

Name \_\_\_\_\_

Day Student \_\_\_\_\_ Evening Student \_\_\_\_\_

I am registered for / plan to register for \_\_\_\_\_ credit hours this summer.

I understand I will not receive my diploma until I have successfully completed my requirements for graduation.

I understand that the granting of this application in no way is an indication by the Law School that I have completed or am guaranteed successful completion of the J.D. requirements. Until actual conferral of my degree, I may in no way indicate that I have earned such a degree. This policy is to allow students to participate in a ceremony more timely to their actual completion of Law School, and is nothing more than ceremonial. Also, I understand that I will not be permitted to sit for the July Bar examination.

I have read Section 4.1.09 “Early Participation in Law School Commencement” in the Manual of Policies and Procedures (available online) and I understand all of the policies set forth.
